As part of the Prime Minister's vision to improve the road network to boost economic growth of the nation, the state of Telangana has taken up 'Strategic Road – Development Plan (SRDP), which includes, inter alia, improvement of Nagpur- Hyderabad Sector on National Highway NH-44 with 11Km long elevated corridor which require 39.40 acres (15.76 Hect.) of defence land along NH-44. This would also improve the connectivity between Nagpur and the capital city Hyderabad and will greatly benefit the cantonment by completely decongesting it.

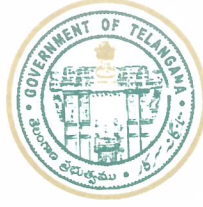

The Hon'ble Chief Minister, Govt of Telangana vide ref 1<sup>st</sup> cited has requested to transfer above defence land to state government but till now no orders are received.

The alienation of 39.40 acres (15.76 Hect) of defence land to state government may kindly be expedited.

With warm regards,

**(K. TARAKA RAMA RAO)**

This is to inform that as part of the Prime Minister's vision to improve the road network to boost economic growth of the nation, we have taken up 'Strategic Road – Development Plan (SRDP), which, inter alia, includes improvement of Ramagundam-Hyderabad Sector, on the outskirts of Hyderabad, on State Highway SH-1 i.e., from JBS to Thumukunta total 19km stretch with 4 Km long elevated corridor which will require about 66.37 acres (26.55 Hect.) of defence land along SH-1. This would also improve the connectivity between the entire North Telangana (including Karimnagar, Ramagundam and other important cities) and the capital city Hyderabad and will greatly benefit the cantonment by completely decongesting it.

The Hon'ble Chief Minister, Govt of Telangana vide ref 1<sup>st</sup> cited has already requested to transfer the above bit of the defense land to state government.

I request that the process for alienating / transferring 26.55 Ha may kindly be expedited.
